Re: Asbestos Management Plan for Owen County Schools

This notice informs you that Owen County Schools complies with the Asbestos Hazard Emergency Response Act (AHERA - EPA 40 CFR Part 763). AHERA requires school systems to inspect their buildings for asbestos containing building materials and to have a written asbestos management plan.

An Asbestos Management Plan for the Owen County School district is available for review at the Central Office during normal business hours. Please contact me if you would like to view this plan. A copy of the plan is also available at each school.
